EXPLANATORY NOTES

WLS Member Library Statistics 2021 are based on the *Annual Reports for Public & Association Libraries - 2021* submitted to New York State. Financial figures on the *Annual Report* are on a cash basis for the operating fund.

Libraries reporting for fiscal years beginning in either June or July are marked with an asterisk (*). All unmarked libraries report on the calendar year.

Westchester averages are determined by dividing the total for that category by the number of libraries (i.e. 38). Total-based averages are determined by dividing the totals themselves. Rankings are based on numbers which have not yet been rounded to 1 or 2 decimal places.

Please note that unusual variations in the statistics may be a result of construction projects, temporary closings, or other conditions—particularly COVID-19 in 2021. Please refer to the *Note of Unusual Circumstances*.

Listed below are the categories from the *Annual Report* that were used for these statistics. If the category name differs on these statistics from the *Annual Report*, the *Annual Report* name is shown in brackets:

SPECIAL NOTES: New York State remained under a State of Emergency due to the COVID-19 pandemic, which was effective March 7, 2020, continued through calendar year 2021 and lifted as of September 12, 2022. Most libraries continued with modified services. Any additional unusual circumstances are listed below.

MOUNT VERNON PUBLIC LIBRARY: The Library's 2021 Annual Report was not officially submitted to nor approved by New York State Library Division of Library Development and remains under review. The numbers reflected here were the last data entries at the time of the State's deadline.

Bedford Free Library: During the summer months, the library was disrupted by the loud installation of a new sewer system in the streets of the Bedford Hills business district surrounding the library, which prohibited outside programs/events outdoors on the library property.

Chappaqua Library: The children's and teen areas were under construction for most of the fiscal year. This may have caused fewer checkouts, and limited programs and program attendance in those populations.

Irvington Public Library: Mold was discovered in our Children's Room in August of 2020. A large number of items were discarded and the rest were boxed up while remediation was performed. We re-circulated items that had been checked out when mold was discovered (i.e., they were not in the library when the room was quarantined). The room was not re-opened until December 2020.

Katonah Village Library: Katonah Village Library's consistent underfunding by the Town of Bedford reached a head in 2021, and the library was forced to cut services (including no weekend hours). Prior to Covid, Katonah Library asked the Town of Bedford to restore funding to the historic 2006-2010 support levels, when the Town consistently provided roughly 83% of the dollars needed to cover the library's annual operating budget. (In 2011, the town was facing a fiscal crisis and sharply curtailed its library operating support to 72% of the library's operating budget. In the years since, annual funding increases for the library have lagged far behind the higher annual cost of operations.) As a result, the library's hours were impacted, staff furloughed during the Covid quarantine were not brought back, and the downstairs public entrance had to be locked for long lengths of time as there was not enough employees to staff the downstairs.

Town of Pelham Public Library: The Library undertook a large-scale weeding project in 2021, slightly reducing the size of the collection.

Rye Free Reading Room: As a result of Hurricane Ida, the library had 22 inches of water in the children's room. Over 5,000 items were discarded due to flood damage, and the room was closed to the public from September 2, 2021 until November 10, 2021. The remaining collection was available to the public during the time the room was closed for restoration.

Scarsdale Public Library: The newly renovated library was opened in 2021.
