Financial Statement Review
March 2020

Empowering libraries. Empowering communities.

## NOTES FOR MARCH 2020 BALANCE SHEET

CURRENT ASSETS (This section indicates the organization's liquidity by showing what assets WLS holds in cash and what assets will be available in cash in the near future.)

Cash \& Cash Equivalents (This line shows the total cash in WLS's bank accounts, investment accounts and petty cash.) - WLS's cash position declined by approximately $\$ 282,000$ during the month of March. $\$ 369,000$ in revenue was received including $\$ 325,000$ in IT fees and $\$ 19,950$ in BTOP (Broadband Technology Opportunities Program) fees from 2019. Approximately $\$ 651,000$ in (mostly recurring) expenses was paid out, including three payrolls during this month as opposed to the usual two.

Unconditional Promises to Give (These are promises to give money to WLS without any restrictions attached.) - This figure increased by almost $\$ 99,500$ during March, all of which was the result of recording County and eRate revenue for the period.

Accounts Receivable (These are monies owed to the organization by another party. For WLS, it usually refers to monies owed by the member libraries.) - Receivables were reduced by $\$ 335,000$ in March primarily through the receipt of IT fees.

Prepaid Expenses (These are expenses that WLS has paid in advance for goods or services that have not yet been received or used.) - This figure increased by approximately $\$ 4,500$ during April, driven by recognition of $\$ 146,500$ in expenses against the recording for $\$ 151,000$ in new prepaid expenses, primarily for rent, insurance, maintenance and database expenses.

SHORT TERM LIABILITIES (Shows WLS's near-term obligations.)
Deferred Revenue (Funds received in advance for expenses not yet incurred.) - This figure decreased by approximately $\$ 445,500$ during the period, the result of recognition of IT and NYS revenues.

Empowering libraries. Empowering communities.

## NOTES FOR MARCH 2020 INCOME STATEMENT

For the month of March, revenues fell short of budget by $\$ 5,000$; revenues year-to-date are approximately $\$ 15,000$ short of budget. Spending in March came in approximately $\$ 57,500$ below the monthly budget; spending year-to-date for 2020 was approximately $\$ 190,000$ less than the year to date budget. Lines with notable activity are discussed below.

## Revenues:

Shortfalls in revenue for the month and year-to-date are primarily driven by the Other Revenues line, where no revenues have been recorded to date except those related to the LIU Certificate Program. This is the line which includes the BTOP (Broadband Technology Opportunities Program) grant in which WLS serves as project manager for New Rochelle Public Library's program.

There was also a shortfall of approximately $\$ 5,000$ in Fund Raising and Contributions. The budget assumes that approximately $\$ 8,600$ would be raised each month, when in reality, the monies raised will fluctuate monthly. However, the activity in March 2020 is similar to activity in the same period last year. Additionally, the impacts from the COVID-19 pandemic forced the cancellation of the Spring event which reduced the amount received for ticket sales and sponsorships. The pandemic has also had a significant impact on the economy and is expected to have an impact on this line for the remainder of the year.

## Expenses

Spending in March came in approximately $\$ 57,500$ below the monthly budget; spending year-to-date for 2020 was approximately $\$ 190,000$ less than the year to date budget.

Salaries - Spending in this line is more than $\$ 6,700$ over budget for March and $\$ 2,000$ for the year. The overspending in March is entirely driven by hourly payroll expenses. The budget assumes approximately $\$ 9,500$ in hourly payroll expense each month, when in reality, the use of hourly staff at WLS can fluctuate month-to-month related to activity in specific programs such as the current work to support the 2020 Census. In addition, the line reflects hourly expenses reported for three payrolls as opposed to the usual two payrolls. So although the line is overspent for March, it is not anticipated to be overspent at year-end.

Fringe Benefits - This line is overspent by approximately $\$ 5,000$ for the month of March, but underspent by more than $\$ 7,700$ for the year and thus far does not indicate that it will be overspent for the year. The overspending includes quarterly payments to those retirees who receive reimbursement for their Part $B$ expenses.

Equipment - This line was under budget by approximately $\$ 5,700$ for the month of March and $\$ 3,800$ year-to-date. This was primarily driven by the purchase of 40 laptops to support the 2020 Census. WLS will monitor this line throughout the year to ensure it comes in within budget at year-end.

Empowering libraries. Empowering communities.
NOTES FOR MARCH 2020 INCOME STATEMENT (continued)

Library Materials - This line shows a deficit of approximately $\$ 11,000$. Since the social isolation associated with the COVID-19 pandemic, WLS arranged to allow for increased usage of e-content by library users, which resulted in greater activity in this line and accompanying increased expenses.

Professional Development - This line shows a deficit of approximately $\$ 9,000$ for March and $\$ 1,800$ year-to-date. This was primarily driven by a $\$ 13,050$ payment for the LIU Palmer School Certificate program. Although the line is overspent for March, it is not anticipated to be overspent at year-end.

While the closures related to the pandemic have led to additional expenses as noted above, the Income Statement also shows surpluses in Delivery $(\$ 25,000)$ and Contractual Services $(\$ 39,000)$. This is primarily due to the office closure and services either being delayed or not used.

Empowering libraries. Empowering communities.
Income Statement - March-2020 3-Year Comparison
"Housekeeping" reminders:

1. In 2019, some revenue lines were re-labeled as follows:

| $\underline{2019}$ \& 2020 | $\underline{2018}$ |
| :--- | :--- |
| State Revenues Without Restrictions* | Grants State |
| County revenues without Restrictions** | Grants County |
| Federal Revenues without Restrictions | Grants Federal |
| Government Revenues with Restrictions | Restricted Grants |
| Other Revenues with Restrictions*** | Restricted Other |

2. In 2018, no monies were budgeted in the Grants Federal line. Now that WLS has again applied for and is receiving eRate monies, these revenues were included in the 2019 and 2020 budgets.

* State Revenues without Restrictions - This line is one of the primary sources of funding for WLS operations. Unrestricted revenue have no external restrictions imposed and may be used for general expenses or any legal purpose appropriate to the organization.
** Country Revenues without Restrictions - As noted above, these revenues may be used for general expenses or any legitimate purpose of the organization.
*** Fundraising \& Contributions/Restricted Grants/Restricted Other - Restricted funds are monies set aside for a particular purpose as a result of designated giving. They are permanently restricted to that purpose and cannot be used for other expenses of the nonprofit.

Finally, there was no finance report prepared for the March 2018 meeting; therefore this month's report compares only 2020 and 2019 activity.

## Revenues:

In March 2020 revenue increased by approximately $\$ 13,000$ over 2019, the result of recognition of eRate monies. 2019 was the first year that WLS would again receive eRate monies after a hiatus of several years and as a result, eRate revenues were not recognized in March because WLS did not know the amount which would be awarded.

## Expenses:

Expenses for March 2020 were $\$ 20,000$ less than expenses for March 2019. Differences between 2020 and 2019 were due to a number of factors:

Empowering libraries. Empowering communities.

## Income Statement - March-2020 3-Year Comparison (continued)

Salaries \& Fringe Benefits - Additional costs in salaries in 2020 was primarily driven by an additional staff person in Outreach, the addition of hourly staff to perform certain duties previously performed by independent contractors as well as additional hourly staff time being used to accommodate the 2020 Census.

Library Materials - Although expenses in this line recorded for March 2020 were $\$ 11,000$ less than March 2019, the individual transactions which comprise this line had significant difference between the two years. In 2020 spending for pay-per-use eBooks was $\$ 4,500$ higher than in 2019. However, due to the timing of invoices for certain online databases the spending in this line was higher in 2019.

Repairs and Maintenance - Higher spending in 2019 compared to 2020 was primarily driven by the fact that WLS recorded both the final expense for SIRSI as well as the first expense for Equinox in 2019.

Supplies - While the March 2020 expense was more than double that of 2019 , the 2019 expenses in this line were offset by the recognition of reimbursement on supplies sold to libraries. The large barcode label order that caused this in 2019 was completed later that year and usually shows this offset in February, as it did in 2020.

Travel - March 2020 expenses were approximately $\$ 1,100$ higher than those of March 2019. This can be attributed to travel expenses from February for which invoices were paid in March. Additionally, this includes expenses for attendance at a conference which is held every other year (PLA) and therefore would not have a comparable expense for the same period in 2019.

Contractual Services - Expenses of $\$ 858$ were recorded for March 2020 as compared with $\$ 9,254$ in March 2019. Several factors can be attributed to this including the hiring of a part-time employee in 2020 to perform the tasks previously performed by a contractor paid in this line in 2019, and expenses related to the Evergreen migration that were recognized in this line.

Delivery - While expenses of $\$ 40,000$ were recognized in March 2019, representing an overspending of the monthly budget due to paying for five weeks of service in that month, only $\$ 9,700$ of expenses were recorded in March 2020. The underspending in 2020 represents only having incurred delivery charges for $1 / 3$ of the month due to the current pandemic.
